

**Skills USA
Carpentry Equipment
2014**

Contestant number _____ Date _____

- Eye protection
- Ear protection
- Sawhorse brackets
- Framing square
- Carpenter's apron
- Claw hammer
- Tape measure
- Utility knife
- Pencil
- Cat's paw
- Chalk box and line
- Speed and/or Combination square
- Power cord
- Power circular saw, with sharp blade

Tools and equipment must be in safe and working condition.

Notes:

It makes no difference which style of apron as long as they have a place to put nails and hold their tools. A few sawhorses will be available. The sawhorse brackets are only necessary for those students who are used to working off of sawhorses. We will have a supply of 2x4s available for the brackets.
